ZINNIA.

Dwarf Calla Little Gem.

The great value of this over the common Calla Lily lies in its dwarf habit and freedom of bloom. It rarely exceeds 12 inches in height and blooms most abundantly. The flowers are not more than half the size of the common variety, and therefore can be used with telling effect in bouquets. It is in every way superior as a house plant to the larger growing variety.

Strong rooted plants 20c., 3 for 50c.

Ethiopica, Lily of the Nile.

Superb white flowers, produced for many months in succession. I have large bulbs in the best condition for winter blooming. 10 and 25c. each according to size.

Canna Star of '91.

THE EVER-BLOOMING CANNA—A very dwarf Canna, which will show bloom every day in the year, often as large as a man's hat, and of the most intense fiery scarlet color, rayed and bordered with pure gold, is a novelty of an entirely new departure. As a pot plant for blooming, both summer and winter, this Canna is a novelty. The enormous panicles of flowers which are borne continually even on plants only a foot or two in height and in small pots is, indeed, marvelous, and the intense color of the blossoms make such plants objects of the most effective beauty. The finest of all winter-blooming plants, and as a garden flower nothing can surpass it. Fine roots 15c. each, 3 for 30c.

BROOKLYN, N. Y., October 23, 1895.

PHEBE J. MARSHALL—Dear Madam: I write to tell you I received my Chinese Lilies in fine condition. They are the finest bulbs of it I ever had. I will take pleasure in handing your catalogue to many of my friends.

Yours, MRS. M. TAYLOR.

209 Livingston St., Brooklyn, N. Y.

LITTLE GEM CALLA.

New Black Calla.

A magnificent variety, with very large flat tubers, resembling those of the well-known tropical Caladiums. Wavy and very large leaves of a rich green color; flowers are enormous, fully a foot in length and broad; color clear coal-black, so intense that it really shows a brilliancy, and as may well be imagined, it is a flower of the most striking oddity and beauty. Large bulbs, 25c. each.

BLACK CALLA.

MONTEREY, MASS., October 21, 1895.

PHEBE J. MARSHALL: I am much pleased with the Bulbs, which are received in good condition. I will distribute all of the catalogues among friends where I think they will do the most good, and I think you will hear from them.

Respectfully, MRS. HENRY WOODS.

Monterey, Mass.

10c. each; 6 for 50c.

THE ENTIRE COLLECTION ON THIS PAGE MAILED FOR \$1.00.

LILIES.

These five kinds I offer are the very best for easy growth and to bear plenty of flowers. All are hardy outside.

AURATUM—This Golden Banded Lily of Japan is considered by most people to be the most showy of any. Flowers large and very strongly sweet scented. 15 cents each, 2 for 25 cents, 5 for 50 cts.

WHITE JAPAN LILY (L. Album)—This is also a great favorite, a well-known variety and is very hardy. 15 cents, 2 for 25 cents.

RED JAPAN LILY (L. Rubrum)—Same as the white kind, only the flowers are deep rosy-pink. 15c., 2 for 25c.

PARDALINUM—Is the best and most hardy of all the California lilies. Flowers immense Turk's cap. Yellow and red. 15 cents, 2 for 25 cents.

DOUBLE TIGER—A great garden favorite. 10 cents each, 3 for 25 cents.

The 5 kinds for 50 cents.

8 Bulbs on this page, 1 each, 80 cts.

Lawn Grass Seed.

The first, and very important, item for a nice lawn is good seed. This I have had prepared specially. Large packet 6 cents, quart 20 cents.

BEGONIA.

BEGONIAS—Tuberous-Rooted Bulbs

This gorgeous plant is being grown for outside and in-doors, winter and summer. They are equally as good bedding plants as they are for pots. 10 cents each, 6 for 50 cents.

GLOXINIA BULBS.

This gorgeous class of summer-blooming bulbs can be grown successfully, blooming in 6 to 8 weeks after bulbs are planted. Should be started in a warm place in a greenhouse, hot-bed or sunny window. Blooms till late in summer, when they should be dried off, letting the leaves die; pots keep over winter in the cellar. 12 cts. each, 5 for 50 cts.

Hardy Cyclamen.

A species of this wonderful flower suitable for out-door planting as well as for pots. The bulbs are large and commence to grow as soon as planted and form blossom buds at once. The colors vary from white and pink to red. Extra large bulbs 20 cents, 3 for 50 cents.

GLOXINIA.

Amaryllis

. . . 3 . .

Best Sorts.

VITTATA—White, beautifully striped with rose and carmine; very large flowers. 20 cents each.

Equal to the very finest named varieties. They give the greatest satisfaction. 30 cts. per dozen; 100 for \$2.

CALIFORNIA VIOLET.

CALYSTEGIA PUBESCENS.

Genista.

Called also "Shower of Gold," because the plant is most of the time covered with its golden-yellow flowers. Grows in long sprays, with beautiful light-green foliage, flowers thickly intertwined, making a lovely contrast of green and gold. As a house plant it has no superior. 15c. each, 2 for 25c.

Calystegia Pubescens.

A pretty little climber; double rose-like pink flowers. **Very hardy.** Where once planted it grows for years. 15c., 2 for 25c.

Mexican Primrose.

Is a prolific bloomer. Large pink flowers. It is very fine for window or the flower bed. 15c. each, 3 for 40c.

California Violet

This **new** violet is very vigorous. Absolutely free from disease and produces several hundred flowers in a season. Very large, on long stems that makes it more valuable for cut flowers than any other variety. 15c. 2 for 25c.
